

Control Version Table - V5

Stage 1 – Existing Alterations / Previous Works

- All existing fireplaces have been removed.
 - Part of the living room and the entire ground floor kitchen area have been reconfigured to create a new bedroom.
 - The existing kitchen wall has been relocated approximately 0.6 metres to the left, allowing the space to be converted into a bedroom.
 - A rear extension of approximately 6 metres in width has been formed using part of the rear garden area to accommodate a new kitchen, including the installation of a rooflight.
- At first floor level, the master bedroom has been reduced in size to allow for the creation of a new bathroom.

Stage 2 – Revised Proposed Layout 22.04.2026

- In addition to the alterations undertaken in Stage 1:
- The existing rear room is proposed to be converted into a kitchen.
- A new conservatory is proposed, extending approximately 3 metres from the rear wall of the back room.
